

Checklist Cat Hotel:

- Please check **vaccinations** for cat flu and panleucopenia early!
- Latest vaccination **is not allowed later than 21 days (28 days recommended)** before Check-In
- We recommend also vaccination against FeLV (Feline Leucosis)
- The **vaccination passport** is necessary and must be deposited in the cathotel during the stay of your cat!
- **Changes or cancellation** of booking or the **check-in or check-out** dates are free of charge until 21 days before check-in.
 - If you change or cancel later as 21 days before check-in we charge 80% of the whole period of booking.
 - If you pick-up your cat earlier as booked we charge the full booking.
 - Extensions of bookings must be requested and confirmed and will be charged additionally.
- **Protection against flees** and treatment against worms: The flea protections must be done 2-5 days before check-in. We recommend f.e. Frontline Combi, Advantage, Broadline, Stronghold Plus.
- Transport Box, T-Shirts, blankets has to be labeled.
- Wet Food for the first day: please bring 2-3 portions of the wet food your cat normally eats
- Stressed & sensible cats: we recommend to strengthen the Immune system before the cat hotel stay! Also a treatment with calming preparations like Zylkene or Sedarom. Please contact your vet and inform yourself. Please start approx.. 21 days before Check-In with the individual treatment.
- Don't forget the medicines in case your cat needs to be treated
- **Opening times: 10:00 – 12:00 & 17:00 – 19:00 Monday - Saturday**
