

Checklist Cat Hotel:

- Please check vaccination early
- Latest vaccination should not be done later than 28 days before Check-In
- We recommend vaccination against FeLV (Feline Leucosis)
- Don't forget the vaccination passport. We need this paper in the cat hotel during the stay of our cat
- Don't forget protection against fleas and treatment against worms. The flea protections must be done 3-4 days before check-in in our cat hotel. We recommend f.e. Frontline Combi, Advantage, Broadline, Stronghold.
- You can bring a T-Shirt, blanket or something common to your cat
- Label your transport box
- Bring with you 2-3 portions of the wet food your cat normally eats
- Stressed cat is recommend to start a treatment with calming preparations like Zylkene or Sedarom. Please contact your vet and inform yourself. You must start around 21 days before Check-In with the individual treatment.
- Don't forget the medicines in case your cat needs to be treated
- Check if your actual mobile number is known to us
- Please call us 1 hour before Check-In and Check-Out
